Make the right buyers care about you and what you're building.

Founder-led LinkedIn marketing for B2B AI SaaS.

Your product has a story. Can buyers see it?

Product decisions, experience and evidence can stay inside the business. LinkedIn gives them a place to be explained.

Start with what you already know.

We connect founder judgment and product evidence to the questions your buyers ask.

One position. Two voices.

Founder personal brand

A clear profile and founder-led content, developed from interviews and reviewed by you.

Company LinkedIn

Company messaging and content aligned with the founder’s position and the buyer’s questions.

Choose the work you need.

Position

Profile, buyer language and strategy.

Create

Interviews, writing, visuals and approved workflows.

Learn

Outreach copy, separately scoped ads and measurement.

From a conversation to a clear presence.

Understand the business → choose the position → create and review → publish through the agreed process → learn.

Three starting points.

Positioning Sprint

€1,500 one-off
Workshop, profile and 30-day direction.

Founder Presence

€2,500 / month
Eight pieces and two 45-minute interviews.

Founder + Company

€3,900 / month
Twelve founder pieces and four company adaptations.

Indicative proposals · final scope and terms agreed together

Know what is included.

Interviews, review and deliverables depend on the package. Media spend, paid media buying and account actions are separately agreed.

Measure what can inform the next decision.

Review engagement, qualified replies and attributed leads separately. Agree the period, source and next test.

No guaranteed leads or revenue.

We agree the work and measures in advance. Publishing, outreach and advertising require the right scope and permissions.
