OUTSPOKEN

PRODUCT EDUCATION

Explain the workflow around the model.

BEFORE

Begin with the trigger.

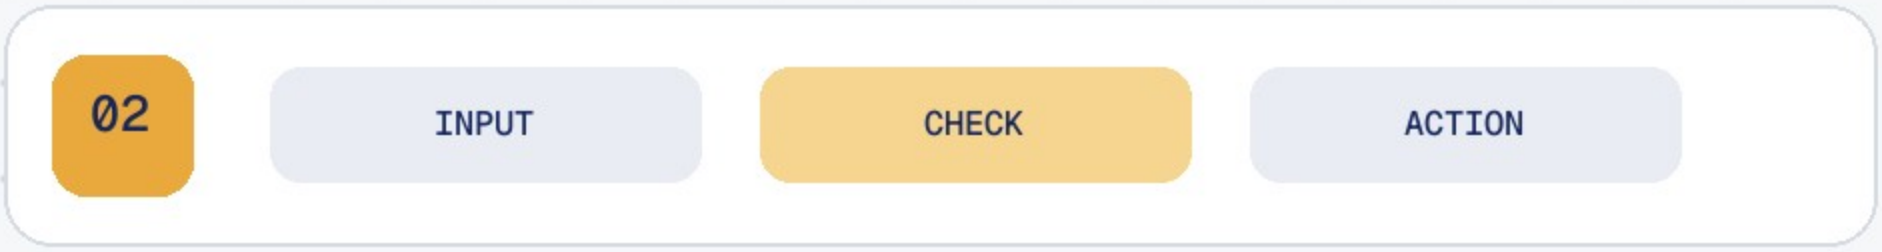

What event or question starts the work?

DURING

Show the system's contribution.

Describe what the product returns and where a person can inspect it.

AFTER

Explain the next decision.

What does the team do with the output?

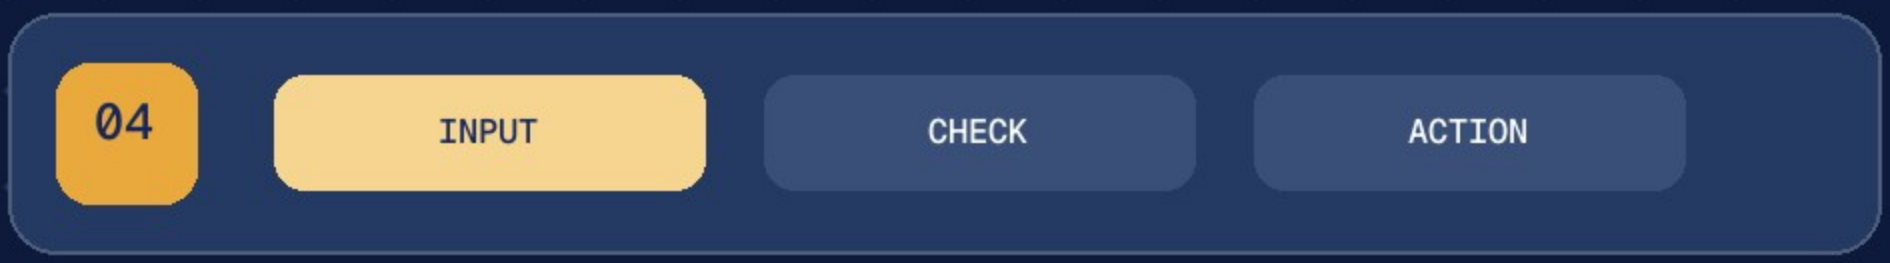

OUTSPOKEN

VISUAL BRIEF

Draw the path in four steps.

Trigger, input, review, action. Label the human decision.

Book an intro call
