A product topic can stay too broad

Ask about one real choice the founder can confirm and explain.

Move from topic to decision

> Topic
>
> Decision

What was the team solving for?

Record the goal and the constraint that shaped the choice.

Use details the founder confirms

Goal

Constraint

Keep the alternative fair

Which other option was plausible at the time? What made it less suitable?

No convenient villain

Chosen option

Real alternative

Separate choice from hindsight

Confirm what happened afterward; label today's interpretation as reflection.

No invented certainty

- Choice
- Observed outcome
- Reflection
